## PASTOR PRAISES MOVING PICTURES

Declare Them Clean Indoor Amusements Contributing to our Civilization.

SAN FRANCISCO, Calif., Jan. 27.—The Rev. H. A. Jump, of Oakland, speaking at the weekly luncheon at the Palace hotel, defended the moving pictures. Declaring that much of the censure against them to be unfair, he said they were "a tool of civilization" and a factor in the assimilation of the immigrant.

"One can become a citizen of the world for a nickel," he said.

"I have found new Americans from all corners of the earth at the moving picture shows, and college professors as well. No small percentage of immigrants regard the films as the most wonderful thing in America, and the pictures they like best are the ones that show the American flag and the men behind it."

"The time will come when an up-to-date church working for the masses will have to own a moving picture machine as surely as it has to own a pipe organ."

"Civilization is always helped on by too's. The savage who had a club forged ahead of the one who had no club. The races that invented and used the printing presses are the leading races of the world today. The moving picture is as epochal an invention as the printing press."

press. As the press made books accessible to the common run of men, so the moving picture has made the drama accessible to everybody. And the drama is the noblest form of all art.

"The moving picture is the cleanest form of indoor amusement popular among the American people today. A good deal of the blame attached to it is undeserved. It is distinctly more uplifting than the average vaudeville program or the average straight drama. It adds immeasurably to the general intelligence of the non-traveling public. They can go everywhere in the known universe without leaving their opera chair. The moral judgment trained by the photograph is on the whole sane and right. It is sometimes too realistic a portrayal of exciting features, at least the final verdict of the play is positive. This can not be said of all the novels circulated by our libraries. The scientific use of the motion picture in reproducing surgical operations, processes of biological development and famous historical events is notable. Not yet has it been used to its full possibilities for spiritual culture."

John G. Beal, a former hotel man here, is in the city from Cincinnati. A. O. Garrett, of Buckhannon, is an epochal an invention as the printing

## REMNANTS--TUESDAY

Jan. 28th, 1913

Our great Semi-Annual Remnant Sale will be held Tuesday, at which time all short lengths will be disposed of at characteristic remnant-day prices. We call particular attention to the fact that these remnants are all new goods and greater in number than ever before owing to an unprecedented piece goods business during this season. We have but space here to summarize the more important events, which will give you an inkling of the unusual values throughout the store on this day.

**COTTON GOODS**—in 1 yard to 15 yard lengths— $\frac{1}{2}$  price and less.

**WOOL REMNANTS**—under 3 yards— $\frac{1}{2}$  price; over 3 yards— $\frac{1}{3}$  to  $\frac{1}{4}$  off. Special attention is called to a splendid lot of fine broad-cloth remnants, which are priced at a fraction of the real value.

**DOMESTIC FLANNEL REMNANTS**— $\frac{1}{2}$  off.

**DOMESTIC WASH GOODS**— $\frac{1}{2}$  off.

**SILK REMNANTS**—Single widths under 4 yards— $\frac{1}{2}$  price. Double widths under 2 and 2  $\frac{1}{2}$  yards— $\frac{1}{2}$  price. Other Silk Remnants of greater length in both single and double widths at  $\frac{1}{3}$  to  $\frac{1}{2}$  off.

**WHITE WASH REMNANTS**— $\frac{1}{2}$  off.

**LINEN REMNANTS**—soured and odds and ends— $\frac{1}{4}$  to  $\frac{1}{2}$  off.

It will be impossible to fill Mail Orders on Remnants but we will deliver all purchases of \$5.00 or over to out-of-town customers, delivery charges prepaid.

## SOCCER

Football Game is Played by Tin Plates and Grasselli Spaniards.

Clarksburgers who turned to Union park Sunday were treated to an exhibition of association football which amply repaid them for their exertions.

The contending teams were a newly organized team representing the Phillips Sheet and Tin Plate Company and a team composed entirely of Spaniards representing Grasselli.

Although composed largely of green material and engaging in the first match game, the tin mill aggregation gave an excellent account of themselves, and gave the two hundred odd spectators an excellent exhibition of England's national pastime.

When the referee's whistle sounded time up, after sixty minutes of closely contested play, the score stood two goals to one in favor of the tin mill boys.

Although defeated, their opponents were, by no means disgraced, as they displayed a wonderful knowledge of the game and in offensive playing excelled their sturdier opponents, but on the defensive the tin mill team showed fourth acid and it produced ninety and made possible its hard-earned

victory. For the victors Keenan, Longmore, W. Shakespeare and Willey played brilliant football, while for Grasselli their forward showed excellent, well-balanced combination.

The newly organized tin mill team has a number of requests for games from a number of first class soccer teams and it seems that this new branch of sport has come to West Virginia to be a permanent attraction.

## OIL

And Gas Operations in the Fields of This County are Quite Active:

On the West Fork river, Clay, this county, located north of Shannston, the Philadelphia Company has drilled its No. 10 on the Lucius Brothers' tract through the fourth acid and it produced ninety barrels the first twenty-four hours.

The preceding two completions on this tract came in gushers and are still holding up at 350 barrels a day. No. 8 is more than four months old, and No. 9 about two months. No. 10 is located southwest and should have come in a large producer. In the same district the Philadelphia Company has drilled its test on the M. P. Vincent farm through the fourth acid and will not have better than a fifteen-barrel pump.

On Rock Camp run, Tennie creek and Big Elk creek, Sardis district, this county, the Vesper Oil Company is drilling tests in the B, C, and W. L. Perry and G. T. and were dismissed for the day and the court took a recess until Tuesday.

In Harrison county there is a morning good deal of scattered test work drilling and starting. On Rock Camp run, Sardis district, Treat and Rowland have started to drill a test on the Newton Cambridge farm. On murrers argued in the suit of the Big Elk creek (Easton and Company county court against John A. Fleming et al.

J. H. Brennan is here from Wheeling on a business mission.

## SHORT SESSION

Of the Circuit Court of the County is Held Here Monday.

Monday morning's session of the circuit court was rather short. Two cases set for trial that morning were called as well as the attorneys in the cases. The latter did not respond. The court took a recess until Tuesday morning.

The appointment of Lewis M. Sutton as a trustee of the First Presbyterian church, was confirmed. Exceptions were sustained and the court took a recess until Tuesday morning.

For all roughness or redness of the skin, use Lorig's Lily Cream. Heals, softens, whitens hands, face or lips. Sells for a quarter. Trial size 15c.—any reliable drug store.

## This May Hit You

Your success depends more on what you do than who you are.

That's the American of it.

With a clear brain, steady nerves and a sound body, all things are possible.

If coffee fogs your brain and shakes your nerves, isn't it "good business" to quit coffee

and use—

## POSTUM

Thousands of wide-awake people have taken the hint and use Postum instead of coffee.

"There's a Reason"

Postum is a pure food drink made of choice wheat and the juice of Southern sugar-cane, roasted and blended and is absolutely free from "caffeine" (the coffee poison) or any injurious substance. Sold by grocers everywhere.
